Market Value Of County Real Estate Placed At \$90,793,800 By State Board; Up \$1,623,944

The market value of real estate in Adams County has increased to \$90,793,800, according to the annual report of the State Tax Equalization Board to the county commissioners and superintendent of schools.

The new total shows an increase of \$1,623,944 over the market value of \$89,069,856 set by the tax equalization board in 1952.

Based on sales of property within the county during the year, the market valuation is used by the state to determine the reimbursement given by the state to the school system.

Assessment Figure Is 21.1 Pct

The assessed valuation of the county in 1953 was \$19,144,514. According to the formula used by the state group in obtaining the actual valuation, as shown by sales of comparable properties in the county, the assessed valuation of the county's real estate is 21.1 per cent of the actual sales value of the real estate in the county.

During 1952 when the assessed valuation was \$18,747,479 and the actual valuation estimated at \$89,069,856, the percentage of the assessment to actual valuation was 21.05 per cent.

Most Are Below 25 Pct

The report shows that assessments would decline in Berwick Twp., Freedom Twp., Hamilton Twp., Latimore Twp., Liberty Twp. and Reading Twp., if the new tax base for the county were put into effect this year. Assessments in Abbottstown would remain the same and all the rest would be increased.

SYNOD MEETING HELD TUESDAY AT N.O. CHURCH

St. Paul's Evangelical Reformed Church, New Oxford, the Rev. A. C. Rohrbach, pastor, was host Tuesday evening to 175 ministers and laymen of Mercersburg Synod, at a banquet and meeting for officers of the local churches of Synod. Following a turkey dinner served family style by the women of the church, the Rev. Dr. Roy Lambert, Dover, chairman of Synod's Kingdom Service Committee, presided. The meeting was opened with prayer by Rev. Dr. Paul D. Yoder, Codorus. Greetings were brought by Rev. James Moyer, Mercersburg, president of Mercersburg Synod.

The Rev. Ernest Brindle, McConnellsbury, treasurer of Mercersburg Synod, addressed the group on "How We Stand," giving a financial report and analysis of Benevolent and World Service givings in Synod churches, indicating increased giving in 1954.

The principal address of the evening was given by the Rev. Dr. L. C. T. Miller, Norristown, co-director of the Department of United Promotion of the Evangelical Reformed Church. Dr. Miller spoke on "Benevolences of the Church," giving a complete analysis of the Benevolent Program of the Evangelical Reformed Church, and its application to the local congregation.

The meeting was sponsored by the Kingdom Service Committee of Mercersburg Synod of which Dr. Lambert is chairman. Other members of the committee are Rev. A. C. Rohrbach, New Oxford; Rev. G. Howard Koons, Littlestown; Rev. Earl Gindlesberger, Shrewsbury; John C. Motter, York, and Curvin A. Wentz, Spring Grove, R. D.

Walter Rentzel Is Operated Upon

Walter Rentzel, Harrisburg, formerly of Gettysburg, is reported in a satisfactory condition in the Carlisle Hospital following a back operation Tuesday.

Rentzel, who suffered a fracture of his vertebra last February in a cave-in while he was working with a contractor near Dillsburg, is the son of Mrs. Virginia Rentzel, Hanover St. The mishap occurred only about a week after his wedding.

His address is Room 223, Carlisle Hospital.

45 SERVED AT SPOTTER POST

Forty-five Gettysburg residents served at the local spotter station during the last week, approximately 50 per cent of the number needed to have the station in full time operation, it was announced today.

Local members of the Ground Observation Corps were asked to note on a chart placed at the spotter station atop Bonaventure hill the number of times they have served. The chart will be used to determine the persons eligible for wings at a program to be held next month. The wings are given for 25 or more hours of service.

It was also announced that many more spotters are needed if the local post is to operate on a full time schedule.

The list of those who served during the past week included: June 22, Mrs. Ruth Hartzell, Mrs. B. W. Redding, Mrs. George Miller, Mrs. George Haen, Mrs. George Groff, and Mrs. C. Redding; June 23, Mrs. J. Kermit Heret, Michael Small, Sally and Willis Zimmer; June 24, Chester Shriver, George Naugle, Robert Albright, David Schmitt and Mr. and Mrs. Harold Brown.

J. Donald Hamm New McSherrystown P.M.

J. Donald Hamm, 213 Main St., McSherrystown, took over today as acting postmaster of McSherrystown.

His appointment was announced following the removal from the postmastership of John Kenneth Lapham, who has been postmaster in McSherrystown since 1949.

Lapham's removal Wednesday was announced by the Post office department at Washington but no explanation was given of the reason for the change in postmasters.

The McSherrystown office is a second class office and carries a salary of \$4,770 for its postmaster.

TANEYTOWN TO OBSERVE 200TH ANNIVERSARY OF ITS FOUNDING

Taneytown will observe the 200th anniversary of its founding July 25 - 31 and will mark the bicentennial celebration with a full week's program under the direction of Chairman M. Edward Reid Jr.

Coinciding with plans for general decoration of the community and the exhibition of items of antique interest, the executive observance committee expects to display at a siding an ancient Pennsylvania Railroad locomotive.

The program will commence Sunday evening, July 25, at 8 o'clock with a vesper service in picturesque Taneytown Memorial Park. Rev. Guy P. Bready, formerly of Taneytown and now a resident of Lancaster, will deliver the sermon. The 150-voice Bi-Centennial Chorus, directed by Mrs. Wallace Yingling, will furnish vesper selections.

A fashion show, concert, pageant Monday afternoon, at 2 o'clock, a fashion show will be given on the lawn of the home of Misses Amelia and Elizabeth Angan, E. Baltimore St. Both modern and yesterday's attire will be modeled. Tickets will be sold in advance and a light luncheon will be served by the Taney Inn.

The United States Air Force Ceremonial Band will present a concert Monday evening at Memorial Park. Merwyn C. Fuss will be master of ceremonies. No charge will be levied.

A local cast of 500 will participate Tuesday and Wednesday evenings in the elaborate pageant, "Here on the Monocacy," written and directed by Miss Dorothy Elledge, Westminster, Md. The pageant will start each evening at 8:15 o'clock in Memorial Park and will consist of 15 scenes depicting the settling and growth of Taneytown in the past 200 years.

A "Kiddie Parade" in which community children up to and including the age of 12 will participate will be held Thursday evening at 7 o'clock. The children will parade decorated bicycles, wagons, and floats on small carts while marching. (Continued On Page 10)

Fun At Firemen's Fair

Youngsters and oldsters, too, are finding the "rides" at the Firemen's Carnival at Recreation Field full of fun and excitement. Some of the younger generation members are shown as they speed about on the roto-whip. In the background the ferris wheel glitters with lights as it transports youngsters and some adults up and down for a thrill-packed view of the recreation field and town. In the background is the building that provides the "cabs" for the thousands who are flocking to the field for the annual event. (Lane Studio Photo)

Ike, Mamie May Visit Farm Here

WASHINGTON (AP)—President and Mrs. Eisenhower plan to drive to Camp David in the Catoctin Mountains of Maryland tomorrow to spend the Fourth of July weekend.

They will leave shortly after lunch. During the weekend, they probably will take time to visit their farm at Gettysburg, Pa. They expect to return here Monday night.

Guernsey Gets New Postmaster Today

Mrs. Selena M. Roberts today becomes the new postmaster at Guernsey, succeeding Mrs. Anna Eckert, who served in that capacity for the last 9 1/2 years.

Mrs. Roberts and her husband, Walter Roberts, purchased the store operated by Mrs. Eckert and her husband, Edwin Eckert, for many years, on June 7. The post-office is located in the store now known as Roberts' Grocery.

June Second Driest In 51 Years; '54 Over 6 Inches Short On Rain

The month of June came within a hundredth of an inch of equalling the all-time record for aridity with its scant 0.95 inches of rain.

Only once since continuous weather records were begun here in 1903 has there been a drier June—and that was in 1921 when the total was 0.94 inches. That month and last month are the only Junes in 51 years with less than an inch of rain.

Measurable amounts of rain fell on only eight days last month and the "heaviest" rain was 0.39 inches on June 15.

Over 6 Inches Short

June's rains were roughly one-fourth of normal. Normal for June in Gettysburg is 3.78 inches, the weather records say.

July 1 finds Gettysburg 6.16 inches short on rain for this year. The accumulated total since January 1 is only 14.29 inches. Normal for the first six months is 20.45 inches. The wettest June on record here was in 1928 when the rains came in deluges and totaled the 9.74 inches for the 30-day period.

Last month was a little warmer than most Junes but no records were set for the month. The temperatures ranged from 47 degrees, only 15 degrees above freezing, to 98 degrees last Saturday afternoon. The average daily high reading last month was 84.46 degrees and the daily average low mark was 60.2 degrees. The month's average was 72.33 as compared with normal of 70.4 degrees. The daily average excess temperature was 1.93 degrees.

Report From Arendtsville

The June weather report from Arendtsville shows the weather got as hot there last month as in Gettysburg but the nights were cooler.

The Arendtsville laboratory station report shows an average temperature for the month of 70.85 degrees. (Continued On Page 10)

LOCAL WOMAN DIES OF STROKE

Mrs. Margaret A. Gallagher, 71, wife of William H. Gallagher, died at their home, 141 Hanover St., this morning at 3:55 o'clock. She had been in ill health for a year and had suffered a stroke Monday noon.

A native of Fairfield, she was a daughter of the late Henry and Nancy (Hoffman) Peters. She had resided in Gettysburg for the last 35 years and was a member of St. Francis Xavier Catholic Church here.

Surviving are her husband, to whom she had been wed 52 years on January 28, four children: Charles G. Gallagher, at home; Miss Genevieve Gallagher, at home; Mrs. Reily E. Snively, Gettysburg; and Mrs. Samuel Decker, Lancaster; a foster son, William A. Codori, a yeoman 2/c, serving with the U. S. Navy at Charleston, S. C.; a grandson, Samuel Decker Jr., Lancaster; and two brothers James A. Peters, Wrightsville, and Frank Peters, Fairfield.

Funeral services Monday morning with a meeting at the Bender Funeral Home at 8:15 o'clock followed by a requiem high mass at St. Francis Xavier Catholic Church, with the Rev. Fr. Anthony F. Kane officiating, at 9 o'clock. Interment in St. Mary's Catholic cemetery, Fairfield. Friends may visit the funeral home Sunday evening after 7 o'clock. The Rosary will be recited there at 8 o'clock Sunday evening.

Hit-Run Driving Charge Is Filed

Cpl. Cyril D. Hockensmith, Littlestown R. 1, was charged by Hanover police with failing to stop at the scene of an accident in an information filed Tuesday night with Justice of the Peace George A. Lippy, Hanover. He entered a plea of guilty and posted a \$500 bond for appearance in York County court July 12.

Hanover police said the car driven north in the 200-block of High St. sideswiped an auto operated in the opposite direction by Narbert Baker, 246 Diller Rd., at 9:50 p.m. Tuesday. Both vehicles received minor damage.

BIRTH ANNOUNCEMENTS

Mr. and Mrs. Dale Keller, 210 Baltimore St., announce the birth of a daughter today at the Warner Hospital.

A daughter was born at the hospital today to Mr. and Mrs. Herbert Luckenbaugh, Biglerville. Mr. and Mrs. Charles Staub, R. 5, are the parents of a daughter born at the hospital today.

Twin sons were born at the hospital Wednesday to Mr. and Mrs. James Hollinger, Emmitsburg. Born, a son, to Mr. and Mrs. Earl Moore, New Oxford, at the hospital Wednesday.

3 Fined For Giving False Information

Three Littlestown R. 1 men have paid fines of \$100 each and \$5 costs on charges of giving improper information on their applications for Pennsylvania driver permits, state police reported today.

The men were David W. Kump, charged before Justice of the Peace George Lippy, Hanover, and Wade Elton Weaver and Jesse James Sauerwein, charged before Justice F. Loy Lindaman, Littlestown.

Police said an investigation into an accident some months ago led to discovery that the men had made false statements in applying for Pennsylvania licenses. Two of the men, Kump and Sauerwein, had previously lost Maryland driver's licenses while Weaver still held a Maryland driver's permit, police said.

The officers added that investigation is being continued with a strong possibility that additional charges of making false statements on drivers' license applications will be brought against other men in the county.

DIVORCE SUIT FILED

Betty M. Myers, Bolling Springs, charged indignities in a divorce suit filed in the prothonotary's office in Carlisle, Tuesday, against Ralph W. Myers, Gettysburg. They were married in Carlisle Feb. 10, 1948.

JUNE TRAFFIC TOLL LIGHTER ON HIGHWAYS

Drivers on Adams County highways were involved in fewer accidents during June than in the prior month, or in June a year ago, according to the monthly recapitulation of the activities of the local State Police.

The officers investigated 21 auto accidents in June. Two persons were fatally injured in one of the crashes and a total of 15 persons were injured in the month. Property damage totaled \$10,924.

But the number was a marked decline from the 40 accidents in May in which five were killed, 36 injured and property damage totaled \$29,915.

In June a year ago there were 32 accidents, in which one person was killed and 29 injured. Property loss that month was estimated at \$11,679.

No Ready Explanation

Police were at a loss to explain the decline in accidents during June, holding that there was more traffic on the roads than during the prior month. Good weather throughout the month and better driving habits were listed as a partial explanation for the decline.

Police made 418 traffic patrols on the county's highways during June, and made 100 arrests for traffic code violations. During the (Continued On Page 3)

June Brides Boost Business At Bureau

Forty-two marriage licenses were issued at the court house in June, but the six-month total of 144 is still eight short of the 1953 half-year mark of 152. Clerk of Courts Kenneth W. Johns said today.

Johns disclosed that the 42 June applications this year topped the figure of 37 for a similar period in 1953. To date, the month-by-month issuance statistics read: January, 19; February, 22; March, 15; April, 22, and May, 24.

The all-time June high, according to county records, was 1949 when 52 applications were granted. In 1944, ten years ago, 22 licenses were granted, and in 1950 a total of 42 were sold.

Pedestrian Hurt In Collision With Auto

Harry C. Hoke, 71-year-old R. 5 resident, received limb and facial injuries Wednesday afternoon at 3:55 o'clock when he was struck by a car as he attempted to cross W. Middle St. at the Court House intersection.

The accident victim was taken to Warner Hospital where he was treated for a compound dislocation of the right thumb, extensive lacerations of the forehead and a laceration of the nose. He was later released.

Hospital authorities said the driver was Frederick Baker, 17, of 35 E. Lincoln Ave. Borough police are continuing the investigation.

6TH FIREMEN'S PARADE MOVES TONIGHT AT 7

The sixth annual battle anniversary parade will move at 7 o'clock this evening with members of the Gettysburg Fire Department, sponsors of the event, expressing the belief that tonight's event will be the largest in history.

Approximately 25 fire departments from throughout this section are scheduled to take part, with a large number of them planning to enter marching units and bands as well as fire equipment.

There will be 25 antique cars in the line of march along with innumerable floats, drum corps, horsemen and others. Leading the procession in the first division will be the local VFW color guard, the Second Army band from Fort Meade, the local National Guard unit, the American Legion color guard and drill team from Emmitsburg, the Waynesboro VFW drum and bugle corps and drill team and Boy Scouts.

4,000 There Last Night

Four divisions are scheduled for the parade. Lt. Gen. Floyd L. Parks, commanding general of the 2nd Army will be the grand marshal for the parade which helps mark the 91st anniversary of the Battle of Gettysburg.

The parade will start on Breckenridge St., move north on Franklin to W. High, west on High to Howard Ave., and then east on Springs Ave. and Chambersburg St. to Lincoln Square. At Lincoln Square the parade will move south to Breckenridge and then return to disband at the Recreation Field.

Approximately 4,000 attended the carnival held at Recreation Field by the Gettysburg Fire Department Wednesday night as part of the 91st anniversary of the Battle of Gettysburg. An even larger crowd is expected this evening, with the program scheduled to be in full swing both before and after the parade.

Professor Warren F. Robinson, 48, head of the Fine Arts Department at Gettysburg College, died this morning about 9:20 o'clock at his home, 3 West St., after being taken critically ill during the night. Death is believed to have been due to a brain tumor.

Prof. Robinson came to Gettysburg as associate professor of Art and head of the Fine Arts Department at the college last September. Born February 9, 1906, at New Bedford, Mass., Professor Robinson received his early education in the public schools of that city. He attended Colby College from 1924 until 1927 and the University of Georgia from 1927 until 1946, graduating in August, 1946, with a Bachelor of Fine Arts degree. In 1951, he received a Master of Fine Arts degree from the University of Georgia.

Was On Wagner Faculty

Before coming to Gettysburg, Prof. Robinson had been head of the Department of Art at Wagner College, Staten Island, N. Y., a position he had held since 1948.

His previous teaching experience included head of the Department of Art at Judson College, Marion, Ala., from 1946 until 1948, and summer school teaching at the University of Alabama in 1948. While a student at the University of Georgia, he taught in the junior and senior high schools of Athens, Ga.

Art Work Shown Widely

Professor Robinson, also an instructor in Gettysburg College's Adult Education program, has had a number of one-man art shows, has had a number of his works in various museums, and is represented in many private collections. He is a member of Phi Beta Kappa and is in "Who's Who in the East."

He is a member of the Gettysburg Presbyterian Church.

Professor Robinson is survived by his widow, Irene M. Robinson, a daughter, Susan, 12, at home, and a son, Donald, 12, who was recently graduated with honors from Columbia University.

Funeral arrangements are incomplete.

Change Schedule For Knouse Foods

Officials of the Knouse Foods Cooperative announced today that while cherry picking operations will begin Monday, the cherry processing operations at the Peach Glen plant will not start until Tuesday. An announcement Wednesday said the processing plant would go into operation on Monday.

The Orttanna plant will receive cherries Wednesday and the processing will start Thursday with day and night shifts.

At each plant, the processing operations will not begin until the day after cherries start coming from the orchards.

Episcopal Church To Show Nine Films

The first of a series of nine films to be shown during the Church School hour at the Prince of Peace Episcopal Church in July and August will be shown Sunday morning at 10:45 o'clock, according to announcement by the Rev. Martin H. Knutsen, vicar.

"Festival of Spring" will be the subject for Sunday's fantasy film in which a small boy and his mother are taken on a journey through a make-believe world and are shown the wonders of God's creations.

During the five Sundays in August a series, "The Living Christ," in color and sound, will depict the life of Christ.

3 PUERTO RICANS IN HOLDUP GET DEATH PENALTY

CAMDEN, N.J. (AP)—Three Puerto Ricans were sentenced to death and a fourth to life imprisonment last night for the holdup-slashing of 69-year-old George Booris in his luncheonette last February.

A Camden County jury of 11 men and one woman returned the verdict after deliberating nearly five hours. Veteran court aides said no more than two persons had ever been sentenced to death in one case in the history of the Camden County courts.

First degree murder verdicts without a recommendation of mercy, making the death penalty mandatory, were returned against Felipe Rios, 28; Joaquin Rodriguez, 32; and Jose Cruz, 23, all of New York City.

To file Appeals
A verdict of guilty with a recommendation of life imprisonment was returned against Gabriel Vega, 18, of Camden.

Counsel for the defendants said appeals would be filed for Rios, Rodriguez and Cruz, but no appeal will be filed for Vega.

Judge Rocco Palese, who presided at the month-long trial, fixed the week of Aug. 8 for the executions.

The four were charged with shooting Booris during a holdup in the victim's luncheonette and check-cashing place. The robbery netted only \$21.

The state had demanded death for each defendant.
Despite the severity of the sentences, each defendant asked the court interpreters to express publicly their thanks for the work done in their behalf by the four court-appointed attorneys who pleaded their cases.

This Is 38th Wedding Day For Ike, Mamie

WASHINGTON (AP)—This is the 38th wedding anniversary of President and Mrs. Eisenhower and they stretched the observance out over a good many hours.

A White House dinner last night for members of the President's 1915 graduating class at West Point, and their wives, extended past midnight.

Then this evening, members of the White House staff were invited to a social gathering in the presidential living quarters in the White House. This, too, was part of the anniversary observance. Some 25 or 30 persons were expected to gather.

Mummasburg 4-H Club In Session

The Mummasburg 4-H Club met Wednesday evening at the home of Lois and Nancy Musselman, Gettysburg, R. 3.

The president, Nancy Musselman, presided. Secretary Louise Bowling led the members in the club pledge and read the minutes of the last meeting. The members of the club responded to the roll call by naming a bird. After the meeting, the club made fudge, marshmallow crisps, roasted peanuts and lemonade.

The next meeting will be held at the home of Miss Carolyn Musselman, Gettysburg, R. 3, August 18. Marie Bowling will lead in the club pledge.

24 CARS DERAILED

QUARRYVILLE, Pa. (AP)—Twenty-four cars of a 94-car Pennsylvania Railroad freight train were piled into a jumbled mass last night on the Atglen-Susquehanna branch near here.

No one was hurt in the derailment, cause of which was not determined immediately. However, a member of the track repair crew, Guy Rinner, Conestoga, Pa., suffered a possible leg fracture today when a piece of wreckage being removed by crane struck him.

AUTOS COLLIDE

A car operated by John Poff, York R. 5, and owned by J. D. Leonard, York, received damage estimated at \$60 when it figured in a collision with a car being backed from a parking meter on E. Walnut St., Hanover, Wednesday at 10:20 a.m. Police said the backing vehicle was operated by Viola P. Hankey, Littlestown R. 1.

The foundation is an outgrowth of the publicity committee organized by Mr. Thomas during his term as president of the state bankers association in 1946-47.

Crippled Hotelman Robbed Of \$3,500

READING, Pa. (AP)—A hotel owner was held up and robbed of \$3,500 today as he checked the building's furnaces in his wheel chair.

Harry Weaver, owner of the American Hotel in Reading, is crippled by a knee ailment. Early today, he went to the hotel basement in company with Mrs. Edna Epler, 54, manager of the hotel's bar, to check the furnaces.

As he emerged from an elevator, Weaver told police, a man stepped out of the shadows and demanded money "or else." Weaver handed over several days' hotel receipts which he had planned to bank later today.

The man fled through a rear door with the money. Weaver and Mrs. Epler returned to the hotel lobby and called police.

BULLETINS

SINGAPORE (AP)—Much of the Red River Delta, prize in the bitter Indochina war, was falling into the hands of the Communist-led Vietminh tonight without a fight.

French Union forces were evacuating swiftly from their hard-to-hold centers in the Delta area. The end to the savage 8-year-old struggle appeared to be not far off.

month 95 drivers were convicted of traffic violations.

There were 22 criminal investigations made by the police during the month and 21 persons were arrested on criminal code charges. There were 22 convictions of persons on criminal charges during the month.

The State Police traveled 20,120 in autos during the month, 30 miles on motorcycles, 2,055 miles as passengers in state cars and 50 miles by other means of transportation.

They worked 284½ hours on criminal investigations, 1,085 hours on traffic duty, and spent 1,042½ hours on station duty and 371 hours on special duties.

form Rank of the company, read invitations to participate in parades. These will be acted upon by the committee from the rank, for that purpose. It was voted to purchase new flag holders for the color guard of the uniform rank, with Jay D. Basehoar appointed as a committee to make the purchases.

It was decided to hold the next meeting on Tuesday, July 27, so as not to interfere with the carnival the first full week of August. Members are asked to report to the playground to start setting up stands, etc., for the carnival, on Monday, July 26.

Fire Chief Glenn E. Ohler reported two calls since the last meeting, both resulting in slight damage. The truck foreman reported that the fire truck had been taken to Harrisburg for a check up and repairs. He also informed the company that practice is being held each week for all truck drivers, so as to increase their efficiency in handling the trucks when there is a fire.

Host To Southeast Group

The Littlestown Fire Company will be host for the meeting of the Southeastern Firemen's Association, to be held on Thursday, July 15, in the local engine house. The president appointed Lake Shanebrook, Ivan Rickrode and Charles W. Randall as a refreshment committee for this occasion and Jay D. Basehoar, as chairman for games.

The social committee appointed for the next quarter includes Earl Harrison, Clark Fuhrman and Herbert Frock. Dennis Wallick and Glenn E. Ohler were appointed to investigate the cost of material and equipment to refill the carbon dioxide extinguishers owned by individuals and industries in the community, instead of sending them away to be refilled as has been the custom.

Refreshments were served to the 37 members in attendance, at the conclusion of the business, by a committee consisting of Paul L. Hollinger, Kenneth Shanebrook and Marvin Miller.

GIVES REPORT ON FRUIT PESTS

Codling moth larvae are still entering apples, second generation leaf rollers are present in some orchards, and both red and spotted mites are on the increase in some orchards, County Farm Agent Frank S. Zettle said today in announcing the fifth cover spray for apples.

He added that green apple aphid, rosy aphid and wooly aphid are abundant in many orchards and that scab, while checked by the dry hot weather this month, is present sufficiently in most orchards to spread to fruit in the event of wet weather. Bitter rot, sooty fungus, black rot and powdery mildew are "threats" unless protection is maintained, he added.

The fifth cover spray, to be placed 12 to 14 days after the last spray,

their families, enjoyed their annual class picnic on Sunday afternoon at the church. There was a program and group games. Refreshments were served. The committee in charge of arrangements included Mrs. Paul E. King, Mrs. Joseph Selby and Mrs. George W. Strevig.

Orrtanna

ORRTANNA—Approximately 100 persons were present at the Arendtsville park Sunday when nine of the 10 children of the late John and Barbara (Lentz) Shultz gathered with their children and grandchildren for a family reunion. The sons and daughters of the late Mr. and Mrs. Shultz are Ralph Shultz, Otis Shultz, Mrs. James Hassler, Glenn Shultz, Mrs. Edwin Roth, Mrs. Orville Jacoby, Howard Shultz, Mrs. John H. Piddler, Mrs. Charles Shindedecker and Clarence Shultz. The latter was unable to attend. It was planned to hold a reunion next year at the same place and on the same date.

should include two pounds of a 50 percent wettable powder DDT, two pounds of Aramite 15W and 1½ pounds of Captain per 100 gallons of spray. For concentrate sprays the amounts should be tripled.

Malathion may be substituted for aramite where aphids are a problem, Zettle said. Two pounds of a 25 percent wettable powder Malathion should be used in dilute sprays, six pounds in concentrates. Captain should be increased to two pounds for dilute, six pounds for concentrate sprays, where bitter rot is a problem.

Today's Talk

CONFIDENCE

I like that word—confidence. If we have confidence in ourselves, in our friends, in those with whom we are associated in business, in the democratic form of government which is ours, then the way ahead can be looked upon as clear and full of hope.

When we take a seat in a railroad car, a plane, or public conveyance, we do so with confidence. We would be so full of worries and shattered nerves that we would amount to nothing were it not that we had confidence in those who take us under their care.

To have confidence in a person or in the future is as essential as water, air, and food for the body. Practically our whole lives are wrapped up in confidence. The future would be a dark and gloomy picture without a wholesome confidence in ourselves, other people, the business in which we are engaged, and confidence in the free way of life to which we were born.

When you lose confidence in a person or enterprise, all is lost as far as you are concerned. You can neither be successful nor happy with anyone in whom you have no confidence. Since confidence means so much, it is a cruel thing to shake the confidence that another has, regardless of whether that confidence is rightly or wrongly placed.

A child has perfect confidence in its parents. It is inborn. That confidence should be greatly enlarged all through life. All of us, no matter what our station in life may be, either attract or repel others. We want everyone with whom we come in contact to believe in us, to give us a word of cheer, whether in victory or defeat.

Get the significance of these words: "I believe in you!" Can anyone appraise the spiritual value of such words?

Tomorrow Mr. Adams will talk on the subject: "Memories and Mementos."

LITTLE TYRANT

Speaking of tyrants—you may not or may be—
The one most tyrannical must be a baby.

Its orders it never will let you ignore.
Though awake it may keep you from midnight to four.

All jump to their feet when it cries for attention.
Its various wants are too numerous to mention.
But whatever it needs it is never denied it.
There is always somebody on hand to provide it.

Get rid of that tyrant? On this I'd be quoted:
Of course not. The fact is, to it we're devoted.
It's slavery pleasant; and proudly I say it:
Whatever its order we're glad to obey it.

Truman Believed Recovering Well

KANSAS CITY (AP)—Harry S. Truman's doctors say they now expect him to make continued progress in recovering from his operation and its after effects.

Even the former President is reported expressing some impatience with his stay in Research Hospital.

In last night's report, a hospital spokesman said he was making substantial progress and his temperature had reached a normal level of 98.4 degrees.

Truman's gall bladder and appendix were removed June 20. He appeared to be making a remarkable recovery for a few days. Then he suffered a temporary setback because of secondary infections and unfavorable reaction to certain drugs.

LONG DISTANCE PLEASE
RICHMOND, Va. (AP)—Stuart Sanders, 11, is pretty proud of the way his television set brings in those outlying stations. But he hardly believed it was that good. He was trying to pull in a Washington or Baltimore channel when the call letters "CBQ" popped up on the screen accompanied by a narrative in Spanish. A quick check with television people showed he was receiving St. Thomas, Puerto Rico—about 1600 miles from Richmond. It was one of those atmospheric freaks.

Appalachian Hopes To Boost Apple Markets Through Big Consumer Advertising Plans

The 28-man board of directors of Appalachian Apple Service, four-state apple growers' organization, is now conducting an active campaign among growers for more adequate funds for advertising Appalachian apples, through a 2-cent per bushel fee which is to provide a minimum of \$100,000 and, the board hopes, well above that.

The directors' program is on a voluntary basis. Growers either join or not, as they wish. The fee is 2c per bushel on all apples sold from the grower's orchard, packed or in bulk. The 2c fee, notes Secretary-Manager C. R. Miller of Appalachian, is about equal to the fee when the organization started 18 years ago, unchanged since, of 1c per bushel. Utility and better grades. The 1936 dollar is now worth about 52 cents, and Appalachian's work has been curtailed accordingly.

The program calls for a starting minimum of \$100,000, double the present average working budget. The \$100,000 means a sign-up of 5,000,000 bushels, or about one-fourth of the belt's 21,000,000-bushel average crop. But the directors expect well above the 5-million-bushel minimum; hope to have half the belt, tonnage in, shortly, or 10 million bushels to yield \$200,000 for the market-building work. In West Virginia, where the campaign got to an early start, signed pledges for 1,295,000 bushels have already been received, with more coming. All pledges are contingent on reaching the \$100,000 minimum.

Reviewing the work done by Appalachian Service, directors estimate that in several seasons it has returned an added 50 cents per bushel to growers; that the organization's work is an investment in better apple markets which has demonstrated its effectiveness, except in the important job of advertising to the consumer, and that more adequate funds are necessary to convince the public of the apple's food and health values and uses. Practically all the increased funds from the program will go for consumer advertising via TV, newspapers and radio.

The directors point out that about 6 billion dollars, or two per cent of the national income, is spent annually for advertising in the United States, and that food is the biggest by far of all advertisers. Washington state apple growers pay 3c per bushel; have arranged to increase that gradually to 6c; now have about \$700,000 to spend annually on market promotion. Citrus growers (California and Florida) spent about \$8,400,000 last season. California Canning Peach Association spent \$1,500,000; California Grape Growers \$2,500,000; the banana people \$600,000. Advertising is one of the biggest tools of marketing today, and our apples must use the modern tools or be pushed out of the grocery stores by products that convince Mrs. Consumer of their value.

The directors emphasize that there are 2,200 growers in the four-state belt, with about that many preferences as to ways of financing and doing the work, and appeal to growers to merge their preferences in this simple, uniform program, that the belts apples may have the marketing help needed in today's competition. Unless individual preferences are merged, there can be no increase, they note.

DECISION ON ANTLERLESS DEER HUNTING IS PONDERED

HARRISBURG (P) — The State Game Commission decided today there would be no antlerless deer hunting season this year in Pennsylvania for the first time in six years.

HARRISBURG (P) — Antlerless deer hunting in Pennsylvania this fall was the big question mark as the State Game Commission met behind closed doors today to fix the 1954 open seasons.

A decision on whether to hold Pennsylvania's sixth consecutive annual separate season for deer hunting as well as bag limits, and dates for other hunting was due tonight or tomorrow.

In fixing tentative plans for the fall the commission dodged the antlerless deer problem saying it wished to study spring breeding reports before making up its mind.

Many hunters are opposed to a separate season for hunting antlerless deer; others are against the present method of issuing special permits necessary to hunt doe.

Under present law, the special permits sold by county treasurers only cost \$1.15 and are allocated

Dale; William M. Lott, Gardners; John R. Mengel, Leesport; Harper Miller, Waynesboro; Charles L. Packard, Roaring Spring, Francis G. Reiter, Mars.

Each director is presenting the program to growers in his area. Board members, signing up their own crops, totalled \$1,880,000 as the "kick-off."

First belt-wide report on the directors' program is scheduled for the annual meeting of Appalachian Apple Service, to be held in mid-July. The campaign is to be completed in time to line up the work-program for this season's crop.

to each county by the commission as part of its deer management procedures.

Opposing views on a doe season were presented the commission yesterday at a public hearing designed to bring out the thinking of sportsmen of the state.

The Pennsylvania Federation of members in the state, threw its weight against any type of 1954 antlerless deer hunting.

"Our chief reason in opposing it this year is we're not satisfied with the method of distributing the doe permits," Ed Brasseur, DuBois, the federation's game committee chairman, told the commission.

"A more equitable method (of issuing the permits) with less chance of one fellow hogging all the applications must be found. We feel, though, that since the only possible way to control the herd is by organized cropping that the special doe permit is the best method yet used," he said.

Distressing Ratio
However, R. J. Costley, Warren, supervisor of the Allegheny National Forest's 1 1/2 million acres in western Pennsylvania, spoke out for antlerless deer season.

"We have found a distressing ratio of 24 antlerless to 1 antlered deer in our herd so that when the buck season begins 24 of 25 deer cannot be hunted," he explained. He made clear that he was speaking in reference to the forest only.

In answer to a question by John C. Herman, Dauphin, commission president, Brasseur presented for the first time the PPSC Recommendations on issuing doe permits. The federation would: Have the Revenue Department receive all applications; permit only one application fee per envelope; issue all applications through the mail; and fill applications for each county on the basis of first come, first served.

"Trial Balloon" Used
At the end of a three hour session, Dr. Logan J. Bennett told the commission and about 50 sportsmen that he had received a letter from the State Assn. of County

Treasurers, stating that group had unanimously decided "it wanted nothing to do with antlerless deer seasons."

Last year's doe season of two days brought a reported actual kill of 16,252, less than half of 1952's 37,829 reported kill in three days. The 1950 and 1951 seasons were two days while doe were legal only one day in 1949.

Commission officials made clear that the tentative Dec. 1 opening date for the bear season, two days after the proposed antlered deer opening, was publicized as a "trial balloon" designed to bring comment. It was indicated the proposal would be dropped.

See Separate Season
"The commission discussed the problem and couldn't decide so we proposed the concurrent season just to get discussion," said Commissioner Andrew G. Long, Shamokin. "We've no intent of forcing anything on the sportsmen when the majority oppose it."

"I personally will be the first to move to restore the bear season to its separate status of last year," he declared.

14 Major League Teams Lost Ground In Pennant Race In June; Only Tribe, Giants Gained

By BEN PHLEGAR
AP Sports Writer

The Cleveland Indians and New York Giants greeted July in first place today, but they probably were a little sorry to see June fade from the calendar.

In the last 30 days every one of the other 14 major league teams lost ground in the pennant races.

Cleveland was in first place a month ago but added two games to its margin over Chicago and half a game over the third-place New York Yankees.

Shakeup In National

The National League race fell apart in June, leaving only the Giants and Brooklyn as solid contenders with Philadelphia an outside possibility.

The Giants turned in the best record ever compiled for the month of June in the modern history of the majors. They won 24 out of 28 games and moved from third place, a game and a half out of the lead, into a three-game advantage over second-place Brooklyn.

The Dodgers had an excellent 21-6 mark for the month but dropped from a single game behind to three. The Phils fell 6½ more games off the pace; Cincinnati, 9½; St. Louis, 11; Pittsburgh, 11½; Milwaukee, 12 in a nosedive from first to fourth place, and Chicago, 17.

Giants Beat Brooklyn

The ground lost by American league teams also was considerable although not as much as in the senior circuit. In addition to the half-game loss by the Yankees and the 2 games by the White Sox, the Philadelphia Athletics lost 5½; Washington and Baltimore, 8 each; and Boston and Detroit, 10 each.

On the final day of the month the Giants whipped Brooklyn 5-2. Philadelphia defeated Pittsburgh 8-0. St. Louis crushed Cincinnati 11-3 and Chicago broke an 11-game losing streak with a 9-7 decision over Milwaukee in the National League.

Cleveland shaded Baltimore 2-0. Chicago bowed to Detroit 4-3. Boston tripped the Yankees 6-1 and Philadelphia edged Washington 8-7 in the American League.

11th For Roberts

Johnny Antonelli won his 11th game and became the second left-hander to beat the Dodgers this season as the Giants made it two straight over their bitter rivals. New York broke up a 2-1 thriller with three in the eighth on four walks and a single by Whitey Lockman.

Robin Roberts applied his white-wash brush to the Pirates for the third straight time.

It was his 11th victory. He had 12 by this date a year ago.

Bad Months For Cubs

Nothing comes easy to the Cubs these days. After losing 11 straight they built up a 9-2 lead over Milwaukee in eight innings only to have the Braves rally for five in the last of the ninth. The Cubs ended the month with 21 losses in 25 starts.

Rookies sparked for the Cardinals. Joe Cunningham, playing his first major league game, drove in five runs at Cincinnati with a home run and a single. Brooks Lawrence, making his second start, won his second game. Rip Repulski homered twice for St. Louis.

Mike Garcia handcuffed Baltimore on four singles and Larry Doby gave him the only run he really needed with a 400-foot homer.

Nixon Stops Yankees

A ninth-inning homer by Bill Tuttle sent the White Sox down to defeat. The Sox had faltered for two runs to tie the score in the eighth on a walk, a double by Chico Carrasquel and a single by George Kell.

The Yankees ran into Willard Nixon again in Boston and the right-hander whipped them for the third time this season. Tom Morgan of the Yankees hit three Boston batters in the third inning, tying a major league record. Mickey Mantle's 14th homer was the only New York run.

Bill Wilson, who has found the home run range since being traded to Philadelphia by the White Sox, hit a pair against Washington, the second one coming in the last of the ninth for the victory margin. Wilson has hit seven homers, five in June.

YESTERDAY'S STARS

By THE ASSOCIATED PRESS

BATTING—Bill Wilson, Philadelphia Athletics, hit two home runs, the second with two out in the ninth inning to give the A's a 8-7 victory over Washington.

PITCHING—Robin Roberts, Philadelphia Phillies, hurled a six-hit shutout blanking the Pittsburgh Pirates 8-0 for his 11th victory of the season.

BARONS LOSE ACE PITCHER

By THE ASSOCIATED PRESS

The question whether the Wilkes-Barre Barons can take the bad with the good may go a long way toward deciding their chances for the 1954 Eastern League pennant.

The Barons yesterday learned that ace pitcher Duke Maas had been ordered to the Detroit Tigers' International League affiliate at Buffalo. And catcher Pierce McWhorter is on his way to Little Rock of the Southern Assn.

Despite the bad news, the Barons bumped the host Elmira Pioneers last night, 6-5, to cut the home club's first-place margin over Wilkes-Barre to two games. The clubs meet again tonight.

The Albany Senators edged the visiting Reading Indians, 1-0, before an estimated 15,000 "Oil Industry Night" fans; Binghamton's Triplets invaded Allentown and defeated the Redbirds, 7-6, on Jim Engleman's ninth-inning home run, and Schenectady and Williamsport split a double-header in the latter's park. The Grays won the opener, 5-2, and the Blue Jays the second game, 13-6.

Maas carries an 11-2 record to the triple-A Bisons. Last week he became the Eastern's first 10-game winner of the season.

Friday's Game

Rotary vs. Moose, 6:15.

The Rotary dropped its fourth straight game in a one-sided 14-6 game to the Glenn L. Bream Garage in a Little League contest Wednesday.

The winners advanced to third place.

The garagemen scored all of their runs in the first three frames with six coming in the first and six more in the second. Tony Claybaugh led off by lashing out a long triple in the first frame.

Fissel walked, and consecutive singles by Riddlemoser, Furney, Nichols, Swope and Richardson completed the scoring. In the second frame five Rotary errors contributed to the six runs to follow.

Claybaugh singled, Riddlemoser punched out a one-bagger and two misuses advanced the runners. A fielder's choice to Furney and a double to Nichols with two errors attached sent in four runs. With two down Richardson walked and Shultz followed through with a long home run to deep left-center.

The Yankees completed their scoring in the third inning as a pair of runs crossed the plate. Singles by Fissel and Riddlemoser and an out-field miscue produced the tallies.

As the Breammen were scoring by half dozens the Rotary was sending their runs across in pairs. Sease walked in the first but was out by Bricker got on by way of a fielder's choice. A double to left field by Dreas tallied one run while Townsend singled to bring in Dreas.

In the second inning Keith Johnson singled, Sease got on via an infield error, Bricker singled and Dreas uncorked his second double of the evening as the Rotary tallied their second set of runs.

In the fourth the last pair of runs came across after Keith Johnson doubled, Sease walked and Dreas and Townsend singled.

Nichols, who struck out six, walked two and gave up nine hits, is credited with the win. Keith Johnson fanned eleven men, walked only four and allowed twelve hits.

Joel Riddlemoser led the winners hitting attack by pounding out three hits in four times at bat. Dick Dreas clouted four hits for four times at bat including a pair of doubles.

A'S ROOKIES

PHILADELPHIA (AP)—The Philadelphia Athletics have announced the signing of two rookies, catcher William J. Curry, 20, Ogden, Pa., and left-handed pitcher Lester F. Hodgson, 18, Vincentown, N.J.

The A's said yesterday both will be assigned to Welch, W. Va., of the Appalachian League.

In 1887 there were 15 players on a football team—nine linemen, one quarterback, two halfbacks, one three-quarterback and two fullbacks.

One For The Giants

Davey Williams, New York Giant second baseman, slides safely across home plate in the first inning of the game against the Brooklyn Dodgers at the Polo Grounds, New York, June 30. Davey scampered home after Whitey Lockman's fly to Jackie Robinson of the Dodgers in left field. Dodgers catcher Roy Campanella awaits the throw as plate umpire Larry Goetz watches the play. THREE GOLFERS MEDALISTS IN "QUALIFIERS"

By THE ASSOCIATED PRESS

Walker Cup star Jimmy McHale of Philadelphia, H. H. (Billy) Haverstick of Lancaster and Fred Brand Jr. of Pittsburgh took medal honors in section qualifying rounds for the Pennsylvania Amateur Golf Tournament yesterday.

McHale was the only one of 54 contestants to match par 70 for 18 holes on Merion Golf Club's rugged east course with a 144 total. He shot a pair of 35's in the afternoon round after posting a 74 and trailing the field by two strokes in the morning. There were 27 other qualifiers in the Philadelphia district.

Haverstick, playing his home course at the Lancaster Country Club romped home with a 36-hole score of 136 in central district play. He shot a 68 in each round. There were five other qualifiers.

At the Oakmont Country Club in Pittsburgh 44-year-old Brand fired a one-over-par 145, the result of a blazing five-under-par 67 in the morning and a relaxing 78 on his afternoon tour. Brand plays out of the Pittsburgh Field Club. Twenty-six other players joined him as qualifiers.

The state tournament will be held July 29-31 at Philadelphia.

Bryon Nelson played 59 straight holes without getting a birdie in the recent Ardmore Open. A birdie is one under par.

Both Sides Yielded A Bit In Ike, Churchill Conference

By JAMES MARLOW
WASHINGTON (AP)—The meeting between President Eisenhower and Sir Winston Churchill, judging from the two statements they issued, looks like an American-British standoff, with both sides yielding a bit.
United action in Southeast Asia—which is what Secretary of State Dulles had been talking about—has been delayed. Britain's Foreign Secretary Eden wanted it delayed. But a nonaggression pact in Southeast Asia—which is what Eden had called for—seems to have been brushed aside. Dulles and his State Department wouldn't buy it.

For the rest, the two statements were mostly generalities upon which the United States and Britain had agreed long before the meetings which ended this week.
Since the British wouldn't go to their aid, and the United States wouldn't either unless the British joined in, the French were left with the choice of fighting harder in Indochina or dickering with the Communists for peace. They dickered and still are. Meanwhile, the Vietnamese forces in Indochina are trouncing the French.
The first Eisenhower-Churchill statement, which dealt with this problem, made clear the British

and Americans were still unwilling to rush into war to save Indochina. The statement said the United States and Britain would "press forward" with plans for united action: one kind of plan if the French didn't get an armistice and another kind if they did.
Amounts To Recognition
This was so vague and indefinite as to timing that Eden, who wanted delay, seems to have had his way. Just before coming here last week, Eden proposed a Locarno-type agreement for Southeast Asia. It would include the United States, Britain, France, the Southeast Asian countries, Russia and Communist China.
His proposal in effect called for the United States to reverse its attitude on Red China. By signing such an agreement, the United States in effect would be recognizing the Communists as the rightful rulers of China. This it has refused to do. Besides, this country could hardly believe the Communists would live up to any such agreement when it suited them to break it.
The second Eisenhower-Churchill statement made no mention of Eden's Locarno idea. On the contrary, the statement said the United States and Britain would not be a party to any agreement that would "confirm or prolong" the "unwilling subordination" of any "sovereign state now in bondage."
Since the United States doesn't recognize the Communists as the legitimate government of China, it regards China as being in bondage. Churchill seemed pretty clearly to be agreeing against a Locarno treaty in Asia. If so, then Eden had to yield.

EIGHT ROTARY GOVERNORS IN
CHICAGO (AP)—Eight new governors of Rotary International districts in Pennsylvania took office today.
Elected at a recent Rotary convention in Seattle, Wash., they are:
John B. McMillan, president and general manager of the Oil Marketers, Corp., Bradford, District 259.
Arthur R. Knight, general manager of the Euston Lead Co., Scranton, District 262.
Carl M. Nystrom, division superintendent of the U. S. Steel Corp., McKeesport, District 260.
Clarence E. Hess, supervising

principal of Redstone Twp. School District, Republic, District 261.
John L. Tivney, general agent for the National Life Insurance Co. of Vermont, Harrisburg, District 268.
Harry Simpson, owner of an automobile dealership in Morrisville, District 265.
W. Irvine Wiest, attorney and director of the News Publishing and Printing Co., Shamokin, District 263.
William B. Lange, Glenside, executive director of the Inter-County Hospitalization Plan, Inc., District 266.
For the first time in the track's history, Hialeah's 17 big stake races last winter were won by 17 different horses.

HOLIDAY MEALS REFLECT LOWER FOOD PRICES

By THE ASSOCIATED PRESS
The cost of a home-cooked holiday dinner this Fourth of July will be considerably lower than it was a year ago.

Frying chickens are down 9 cents a pound on the average from the levels of July 1 last year. Other holiday favorites—turkey, sirloin of beef, smoked picnic hams—are off substantially. Egg prices—some 20 cents a dozen lower than a year ago—are at their lowest levels since 1940.

Also available for a July 4th dinner or picnic spread is a bigger-than-usual variety of vegetables, berries and fruits—many of them at bargain-basement prices.

Fruits Plentiful
Raspberries, currants, gooseberries, blueberries, dates, plums, cherries, nectarines, apricots and figs are reported increasingly abundant this week. Peaches—not only from such traditional growing areas as Georgia and southern California but also from orchards many miles farther north—are more plentiful, and lower in cost, than they've been at any time this year. Watermelon, a mainstay of the picnic feast, is listed as one of

the week's best produce buys by marketing specialists of the U. S. Department of Agriculture.

Bountiful supplies of nearby berries and fruits have a tendency in many areas to depress prices of rarer produce items grown many hundreds of miles away. This is particularly noticeable in lower prices this week for Pacific Coast eating apples (mostly of the Delicious and Winesap varieties) in food markets along the Atlantic Seaboard and in the Middle West.

Corn Quality Lower
Named as outstanding vegetable buys of the week are cabbage, lettuce and beets, followed closely by tomatoes, onions, potatoes and beans. Corn, Department of Agriculture officials say, is in plentiful supply but much of it is not of top-grade quality.

Price of pork chops had a slight tendency to rise in many areas this week. Price trends otherwise showed little change from the previous week, except in the case of the more heavily promoted holiday weekend "specials." These included frying chickens, roast turkeys, skinless frankfurters, smoked hams, sirloin of beef and leg of lamb. Many stores are offering them at substantial reductions.

Butter Consumption Up
Butter consumption has risen perceptibly since the government reduced the level of its price supports for the yellow spread. According to the Department of Agriculture, American households stepped up their butter purchases by seven per

cent during April—the first month of reduced price supports. Retail prices averaged 66.6 cents a pound—or about 9.4 cents less than in the November-January period when the government was supporting dairy prices at 90 per cent of parity. The present support level is 75 per cent. Increased use of butter, the department says, was accompanied by a 3 per cent drop in margarine consumption. 25,000 GATHER FOR STATE VFW SESSIONS TODAY

HARRISBURG (P)—Some 25,000 members of the Pennsylvania Department of the Veterans of Foreign Wars met here today for their 35th annual convention and informal discussion centered around one point: Should the 1955 Legislature be asked to grant a state bonus to veterans of the Korean War?

A resolution urging the bonus payment was drawn up and tentatively approved yesterday by the department's Council of Administration.

Sometime during the three-day convention of the group, the delegates representing more than 200,000 Pennsylvania veterans, will vote on this proposal and dozens of others.

New Discussion Points
Meanwhile, the convention delegates were given other discussion points in an address by U.S. Sen. Edward Martin (R-Pa.), who described planning of military power as only one phase of America's defensive strength.

"In recent months there has been strong pressure to upset the budget plans of the Eisenhower administration for national defense," he said, adding:

"Those who oppose the so-called 'new look' of more defense for fewer dollars talk about more guns, ships, planes and soldiers.

Martin's Position
"They advocate an Army of such great size that it could not be armed, equipped and maintained without danger to our national economy."

The senator related that, after much study, "I have reached the conclusion that we should not spread our forces all over the world."

He stressed the need for a "highly trained regular Army of modest size, based here at home."

However, he pointed out, the Army should be completely motorized and prepared to move by air and sea to any place where it might be needed.

He called for training of the National Guard by the "best and most patriotic brains of the regular Army" and urged that it be under the control of the states until called into federal service.

Following Martin's address and a memorial service for war dead, the group took a mass pledge to practice highway safety.

The delegates read aloud a pledge to "strictly observe the established rules of safe driving, always be courteous and considerate while on the highway and to do their utmost to interest others in highway safety."

This is the sixth time the organization has held its annual convention in the Capital City. A spokesman said all available hotel and rooming house space has been booked by the veterans and many are billeted in houses several miles from the city.

Tonight the group will hold its annual banquet sponsored by the Ladies' Auxiliary. Jacques DuPuy, secretary of the French Embassy at Washington, will be principal speaker.

A drum and bugle corps contest will feature tomorrow night's program with units from all parts of the state participating.

The convention will close Saturday with a parade and election of officers.

NEW YORK (P)—The stock market was mostly lower in early trading today. Turnover slowed abruptly after a moderately active opening.

CHURCHILL TO SAIL FOR HOME

NEW YORK (P)—Sir Winston Churchill, Prime Minister of Great Britain, leaves today for home aboard the liner Queen Elizabeth. Churchill and his party, including British Foreign Secretary Anthony Eden, arrived here by plane early today from Ottawa, Canada, after discussions with Canadian officials.

The 79-year-old Prime Minister, appearing somewhat tired, went directly from La Guardia Field to his cabin on the ship.

Churchill arrived in Washington from London last Friday and engaged in world strategy talks with President Eisenhower. He went to Ottawa early this week.

In Moscow today the newspaper, Pravda, in its first editorial comment on the Eisenhower-Churchill meetings, said they were aimed at "intensifying international tension in Asia and all over the world."

The newspaper, organ of the Communist party, hailed the meeting in New Delhi of Prime Minister Nehru of India and Chou En-lai of Communist China as a "much more important" conference.

In "contrast" to the Washington

Load Of Dynamite Upsets; No One Hurt

SCRANTON, Pa. (P)—William Kull, 23, Kenville, N. J., escaped unhurt today as his tractor-trailer carrying nine tons of dynamite jackknifed and upset on Rt. 307 ten miles east of here early today. Kull told state police the truck's brakes locked while he was trying to pass a sedan carrying two women. The truck struck the sedan a glancing blow, spun on the road and overturned. Kull managed to get out of the cab and said he was "all right." The women in the sedan also escaped injury.

At Least 55 Dead In Rio's Worst Flood In History; Full Toll May Never Be Uncovered

By ROBERT H. JOHNSON JR.
EAGLE PASS, Tex. (AP)—At least 55 persons are dead in the Rio Grande's most devastating flood in history, but the death toll might rise to disaster proportions today.

Across the river from here, at miserable Piedras Negras, Mexico, it was feared hundreds may have died in the collapsed adobe huts of the poor.

Of the counted dead, 38 were at Piedras Negras. Nearly 100 miles north of the river, at Ozona, Tex., one of the flash floods which fed Rio Grande's swollen stream Monday killed at least 16 others. Another died in a Pecos River flood.

At least 15,000 were homeless and some 7,000 refugees huddled in the hills of Coahuila with no shelter, no food and no water. About 80 per cent of the homes in the city of 35,000 were flooded. Half of those were destroyed as the adobe brick crumbled in the flood.

May Be Over 200 Dead
Daylight — maybe today, perhaps next week — may bring a more startling toll of death. But the true death count conceivably may never be known.

"From what I hear, there may be anywhere from 200 to 500 dead," said H. G. Walker, U.S. Public Health Service official here to help in rescue and rehabilitation.

Manuel Olivares, a lumberman of Piedras Negras, told the story of his city's tragedy with tears in his eyes.

"I heard hundreds crying for help in the dark, but I couldn't help them," he said. "You could hear people shouting for help, but you couldn't see them. You could hear houses collapsing, then screams . . . then nothing."

Some Bodies Gone
The next day, Olivares said, destruction was everywhere. There were bodies in trees, some of them tied in the upper branches, bodies in piles of debris, and some caught on barbed-wire fences.

"I believe there are lots of bodies under the mud of the adobe huts and in the wreckage of the houses," he said.

U.S. Consul Charles Taliferro in Piedras Negras doubted a death toll as high as 500 but added: "It is entirely possible."

"There's no doubt that some bodies were washed down the river and we'll never know how many," he said.

CROSSFIRE GETS BOTH PLANS ON TAX REVISION; TAX CUT DIMS

By JOE HALL
WASHINGTON (AP)—Any chance for a general income tax cut in the big tax revision bill appeared dead today after rival Democratic and Republican proposals both were beaten in a crossfire of political maneuvering.

The twin defeats assured the Eisenhower administration of one of its biggest victories of the 1954 congressional session — enactment of the tax bill just about as it was recommended to the Capitol.

Senate passage may come late today after numerous minor amendments have been considered. The measure then will go to conference with the House, which has already okayed the bill in somewhat different form.

Fight On George Plan
The principal fight yesterday centered on a proposal of Sen. George (D-Ga.) to write a \$2,400,000,000 annual income tax cut into the bill by raising personal exemptions \$100.

Several Republican senators had indicated they might go along on this. So Sen. Millikin (R-Colo.), floor manager for the measure, called a secret caucus of all GOP senators and came up with a substitute tax plan for a 960-million-dollar annual reduction.

This would have given each taxpayer a \$200 annual cut—\$40 for a man and wife—provided they did not use certain benefits included in the revision bill.

Identical Tallyes
The Republican proposal came up first as a substitute for the George plan and went down on a 49-46 vote, with all 47 Democrats opposed along with Sen. Morse (Ind-Ore) and Sen. Langer (R-ND). The 46 "ayes" were all from Republicans. The Democrats had to defeat the substitute in order to get a chance to vote on their own amendment.

But then the George amendment itself was beaten on an identical tally, 49-46. This time four Democrats, Byrd (Va.), Holland (Fla.), Edwin C. Johnson (Colo.) and Robertson (Va.), voted "no" because they said the federal pocketbook couldn't stand the revenue loss. Joining George supporters were two Republicans, Langer and Young (ND), and Morse.

Shrine To Install New Potentate

ATLANTIC CITY, N.J. (AP)—A new imperial potentate will be installed tonight in colorful ceremonies at the annual convention of the Ancient Arabic Order Nobles of the Mystic Shrine.

Frank S. Land of Kansas City, Mo., will assume the fraternal order's top post, succeeding Rennie L. Arnold of Petersburg, Va.

Following the ceremonies, there will be a mammoth parade by 10,000 merry-making shriners.

Arnold, presenting his annual report yesterday to imperial officers and representatives, urged shriners to try hardest to boost endowment funds for expansion of their hospitals for crippled children.

There are 17 shrine hospitals for crippled youngsters at present.

WOMAN WRITERS IMPROVE NOVEL

By W. G. ROGERS
Associated Press Arts Editor
NEW YORK, July 3 — If you were looking for a good story to read, would you pick one written by a man or a woman? A woman, you say!

Fine! So would I, at least at this particular period. I assume you prefer her even while you remember, as I do, the many men who have produced probably the key novels of our time.

If we check back over a quarter century or so, there's been a long and impressive list of these dependable men. They include Proust, Dreiser, Wolfe, Gide, Martin du Gard, Hemingway, Remarque, Faulkner, Steinbeck, Dos Passos, Farrell, Caldwell (Erskine Warren, Wilder, Silone, Celine.

Key Woman Writers
 This is not to imply, of course, that woman have not been key writers. Out of the past we recall the Brontës, George Sand, Jane Austen, Sigrid Undset and, more recently, Katherine Mansfield and Virginia Woolf.

This is not to imply, either, that the young men have not a worthy accomplishment to their credit. On the contrary, we are all the richer for Calder Willingham, Mark Harris, Carl Jonas, Max Steele, Donald Wetzel, Norman Mailer, William Styron, James Jones, Saul Bellow, Louis Auchincloss, Jean-Paul Sartre, Camus, and even first novelists like Vur-

rell Yentzen and Robert Mende. But to be done with exceptions and get to the point, the fuller and realer satisfactions seem to us to come right now from woman writers. They may be the long established and widely recognized talents like Ivy Compton-Burnett in England or Colette in France. They may be the younger writers, the girls instead of the women. Though they are not yet among the immortals, they have made themselves unassailable critical reputations.

Handle Plain Fare
 They do, however, have one thing in common: They deal with simpler, plainer fare. They are not so much interested in world problems as in personal problems. They do not see the novel in terms of the 20th Century, than which nothing could be vaguer or more unsettled—or unsettling. They do see the novel in terms of people, people who have always been with us, who are made of tried and trusted flesh and blood.

Flesh And Blood
 The man novelist may be more ambitious. He works with a larger frame. Maybe that is what helps to defeat him; he is as unsure of our world as the rest of us, and his uncertainty may take the edge off his novel.

The woman novelist does not bite off more than she can chew; she does not dazzle us with promise and disappoint us by not fulfilling it. She sets limits she knows she can manage.

Satisfying Writing
 Does that mean she's more timid? Perhaps it does. Perhaps only the hazardous, adventurous, all-or-nothing novelist does the pioneering writing, and can be guaran-

SOVIET UNION CLAIMS ATOMIC POWER PLANT IS OPERATING

LONDON (AP)—Moscow Radio announced on Wednesday the Soviet Union has opened its first industrial atomic power station with a capacity of 5,000 kilowatts.

The broadcast quoted a statement from the Soviet Council of Ministers saying the station opened Sunday producing electrical current for both industry and agriculture.

It did not give the location but said other stations of larger size are planned with a capacity from 50,000 to 100,000 kilowatts.

The United States is now building the equipment for its first peacetime atomic power plant to be located at Shippingport, Pa., on the Ohio River.

The Soviet broadcast carried this statement by the Council of Ministers:

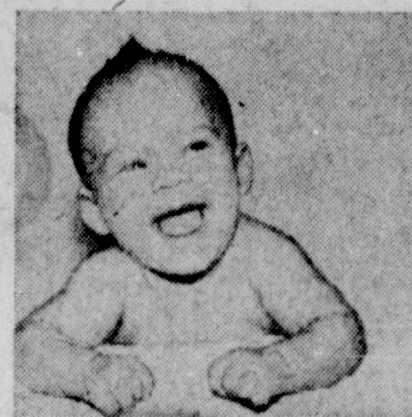

"Today, in the Soviet Union, by the efforts of Soviet scientists and engineers, work has been successfully completed on the designing and construction of the first industrial power station using atomic energy, with a capacity of 5,000 kilowatts."

Started On 27th
 "On June 27, 1954, the atomic energy power station began working and produced electric current for industry and agriculture in the neighboring region."

"For the first time, an industrial turbine is working, not by the consumption of coal or any other fuels, but by atomic energy—the nuclear fission of the uranium atom."

"By the introduction of an atomic electric power station, a definite step has been taken towards the peaceful utilization of atomic energy. The Soviet scientists and engineers are engaged on work to set up industrial power stations worked by atomic energy with a capacity of 50,000-100,000 kilowatts."

RELAXATION IS KEY TO BALLET FOLK 'BOUNCE'

By The Associated Press
Lovely ballerinas have a simple recipe for shaking winter kinks: Relax tense muscles.

Office girls, factory workers and housewives will find muscles tense and vitality low at this time of the year. But ballerinas must be the epitome of grace and charm as they pirouette across stage at any season of the year. The skill of these lithe ladies at the 'entrechat and tour de force frequently depends on how well they relax off stage.

Maria Tallchief, charming prima ballerina of the New York City Ballet, concentrates on loosening tired muscles to keep her in a relaxed mood. Says she:

Soak Muscles
"When I'm really tired I take a hot, then a cold shower between ballets at a performance. I like to sit and soak in the tub, too. After a shower at the ballet, I am likely to treat myself to an extra tubbing when I get home."

Miss Tallchief especially likes the old tried-and-true neck shake. Any working girl should find this relaxing any time of the year. It's as simple as this: Turn your head as far as possible to each side without moving the shoulders, then roll your head around in a circle, dropping it to each side in complete relaxation. She explains:

"Besides being invigorating, this exercise gives muscles a more relaxed look. Whenever I feel tense before or after dancing I devote a few moments to it."

Work A Cold
Exercise and relaxation are good therapies for warding off colds, too, Miss Tallchief believes. She remembers being ill only once. When she occasionally feels a cold coming on, she attends classes and finds she has shaken the shivers by the end of the dance session.

Feet get a good deal of her attention, of course. And raising the

DEVELOPER. How come the other guy's negatives look so good that you suspect he's found a trick developer? That's what I thought when I watched a photographer friend shoot pictures; later admired his sparkling prints and then exclaimed at the beautiful quality of his negatives. No magic to it at all, I discovered by asking. He just used clean, careful methods and a dependable developer—soft working D-23 for 9 minutes at 68°. That's for roll film in a tank, of course.

VACATION GIMMICK. Having a problem choosing the most photogenic site for your precious vacation weeks? The latest shortcut is a three dimensional preview of the nation's most famous scenic sights. This has been discovered by wide-

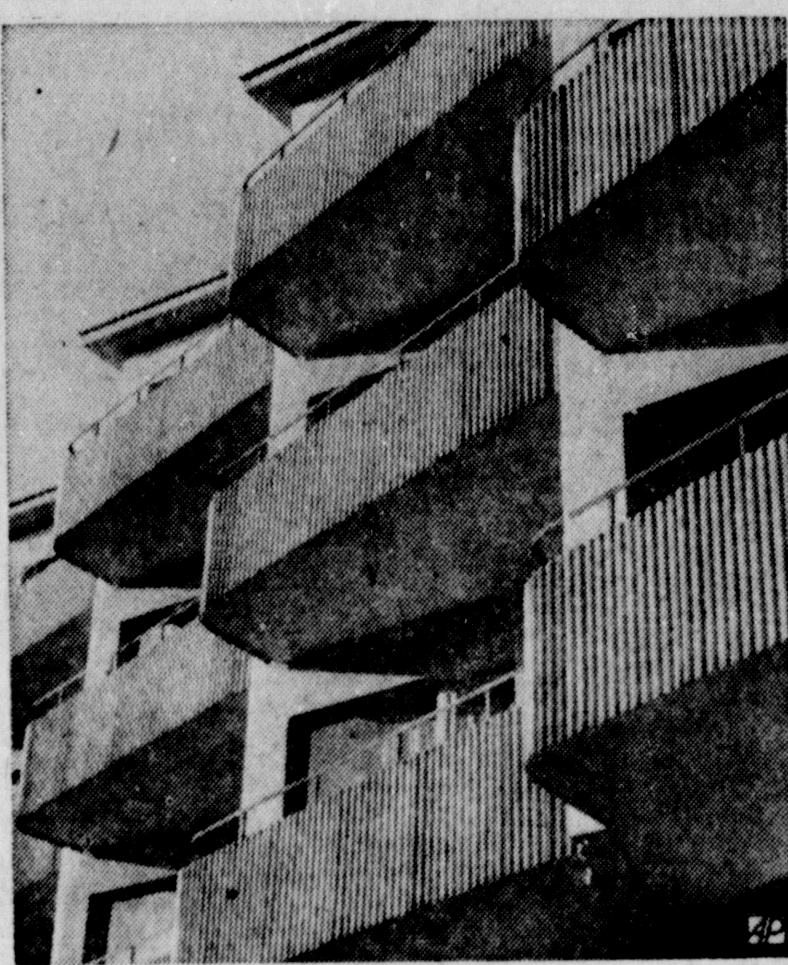

feet whenever possible, resting them on a surface of coffee table height is especially good. She says:

"I always put my feet up when I sit down, if possible. I use the coffee table as a foot rest at home. Too bad all theaters don't have something like it."

Ankle Rotation
She likes the ankle-rotation exercise, too, rotating her ankle 20 times in one direction and 20 times in the other. After dancing she is likely to sit on the edge of the bathtub, and alternately run hot, then cold water over her feet.

Offstage her skin gets a rest from cosmetics and her complexion has that soap-and-water scrubbed look. On stage she wears the routine makeup. She fastens her shoulder-length hair with two nets, one for the crown, another for her chignon, believing that on stage every hair must be in place or the audience will be distracted.

Her legs are slim and kept smooth with razor and soapy lather. She thinks that dancing helps develop the natural contour of the leg and that ballet lessons would be helpful also in helping the average woman develop poise and grace.

awake travel agencies who show full color, stereo scenes in inexpensive hand viewers. The travel series, also available in camera stores, give seven views each of the various vacation possibilities in each circular reel.

GADGETS. Two new shutter attachments should make gadget hounds happy. This first is a remote control unit which enables a photographer to shoot from a distance up to 34 feet from the camera. It consists of two sections of special tubing plus a rubber bulb. When attached to the shutter, you're all set for animals, wildlife and bashful people.

Passive Tripper
The second gadget screws into the cable release socket and will synchronize any camera not having built-in synchronization. It can also be adjusted for proper timing with electronic flash. Its odd name: the

BOOKS on hand range from a beginner's basics to a specialist's guide to photo-retouching with an airbrush.

"Sort Cut to Photography" by Godfrey Frankel (Sterling Publishers, \$2.50) is aimed at teen-agers and beginners. It skims very lightly over the technical side in an effort to keep starters from getting bogged down. Illustrated with many prize winning pictures by high school photo contestants, the book might make a suitable graduation gift to start a youngster off on the photo hobby.

Camera A To Z
With a little more experience, book number two might come in handy. "Everybody's Photo Course" is a 50-cent, soft-cover, how-to-do-it booklet newly revised by U. S. Camera. Twenty-five lessons take

you from "How to Hold a Camera" to "Multiple Flash and Speedlight."

Only photographers with a specialized art career in mind would tackle "The Airbrush Technique of Photographic Retouching" by Walter S. King and Alfred L. Slade (Mac-Millan). It's a spiral bound guide book with step-by-step lessons on commercial photographic retouching.

Photo Extravaganza
Probably the world's largest photographic equipment show is Photokina, held yearly in Cologne, Germany. Among the 200,000 who attended Photokina 1954 recently were two American editors, Gus Wolfman and John Wolbarsht of Modern Photography. Here are a few items from their prepublication report.

German makers of the compur shutter are introducing a new synchro compur shutter that will bring changes in camera handling and exposure meter reading. They have added another speed on the shutter so that changing from one speed to another will represent either one-half or double the speed. There is an interlocking mechanism between shutter speeds and the diaphragm. If a definite shutter speed and lens opening is selected and subsequently the speed is changed, the diaphragm opening automatically will change to give the same relative exposure.

Also a new light value scale has

Cairo Sarcophagus Proves Only Symbol

CAIRO, Egypt (P) — The recently uncovered Saqqara Sarcophagus proved to be empty yesterday but its discoverer thinks he will find the real tomb of an ancient Pharaoh deeper within the pyramid.

Archaeologist Zakaria Goneim, who found the sarcophagus May 31 beneath a step pyramid he had discovered last December, said last night it was a "symbolic tomb" and he expects "to find the real one somewhere else in the pyramid."

been added to the shutter with the number from 2 to 18 in red. New exposure meters will give this number so that diaphragm openings and shutter speeds can be forgotten. It is expected to simplify photography for amateur photographers.

A single lever adjusts the new shutters for flash synchronizations ("M" and "X") and the self timer ("V").

She and the three children were burned to death.

The victims were Mrs. Thelma Baker, 25; her sons, Ronald Sebring, 5, and Robert Earl Baker, 2; and the niece, 10-year-old Claudia Ludwig of East Stroudsburg, Pa. Ronald was Mrs. Baker's son by a previous marriage.

Mrs. Baker had fled from the house before she heard the children's screams.

KIDNEYS MUST REMOVE EXCESS WASTE

Nagging backache, loss of pep and energy, headaches and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages. Don't neglect your kidneys if these conditions bother you. Try Benn's Pills—a mild diuretic. Used successfully by millions for over 40 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

NEW YORK (P)—Three first novels recently sold to commercial publishers by New School writing-class alumni bring the total out of this one school to 21 in six years. The new authors are William Michelfelder, Mario Puzo and Stanley Wolpert.

FARM PROGRAM FACES CRUCIAL TEST IN HOUSE

By B. L. LIVINGSTONE

WASHINGTON (AP)—The administration's politically explosive farm program faced its crucial test in the House today with President Eisenhower and many members of his own party bitterly at odds.

The House was called into session two hours ahead of normal to start voting on the farm bill and Republican House leaders were reported ready to offer a compromise which would preserve the President's program in bare principle.

But farm state forces, including many Democrats, were cool toward talk of compromise and gave signs of making a showdown fight for continued high price supports in the face of the President's opposition.

Bill Before House

Before the House was a bill recommended by the Agriculture Committee and calling for another year of price supports on basic crops at 90 per cent of parity. Parity is a standard for measuring farm prices said by law to give farmers a fair return in relation to their costs.

The administration backs a flexible scale in which supports would range from 75 to 90 per cent of parity.

Republican House Leader Halleck of Indiana told reporters he favors a substitute for the high support section of the committee bill which would keep the minimum support level at 80 or 85 per cent of parity rather than 75.

May Veto 90 Pct. Props

"It would re-establish the principle of flexibility, but with a higher minimum parity figure," he said, and declared: "I think we can win with it."

President Eisenhower told his news conference yesterday he still backs his program for flexible supports, but he said he planned no new appeal to the House. There has been speculation he would veto an extension of 90 per cent props.

The administration argues that flexible supports would tend to stop the accumulation of surpluses, by lowering the support level when stocks are ample, and would stimulate production when needed, by raising supports in time of scarcity.

Got 30,000 Votes On 2-Bit Campaign

BALTIMORE (AP)—Baltimore grocer Harry Kemper, who lost the Democratic nomination for state comptroller Monday by almost 150,000 votes, acknowledges he ran a two-bit campaign.

He said his total campaign expense was 25 cents — for stamps.

Kemper polled about 33,000 votes, to about 180,000 for Comptroller J. Millard Tawes.

WITNESSES DID NOT SEE WOMAN ALTER BALLOTS

LOCK HAVEN, Pa. (AP)—Second-day testimony in the trial of Mrs. Helen Chapman here failed to establish that she had erased markings and added others to ballots cast in the 1953 Flemington general election as charged.

Witnesses in Clinton County Court yesterday said they "did not see Mrs. Chapman do anything to the ballots."

Mrs. Chapman, Democratic minority inspector of the borough election board, is charged with fraud in the election of four local officials.

Results Reversed
Mrs. Esther O'Neil, borough judge of elections, and Mrs. Loretta Hardy, elections board clerk, both said they did not see the defendant "do anything at all to the ballots."

John J. Sullivan, chief clerk of the Clinton County election board, testified earlier that Mrs. Chapman changed marks on the ballots for election of four borough officials, one of them her husband.

The original count gave the victory to Democratic office seekers but a recount ordered by the court showed the offices were won by four Republican candidates.

Jets Over Japan Boost Air Speed

TOKYO (AP)—U. S. Air Force meteorologists believe that jet streams — high altitude wind belts — are stronger over Japan than anywhere else in the world.

Recently a jet stream was reported at 35,000 feet and moving eastward at 400 miles an hour.

Aircraft use such winds to increase their range and speed without additional fuel.

Says Communism Will Be Election Issue

NEW YORK (AP)—The chairman of the GOP Congressional Campaign Committee says communism will definitely be an election issue this year and Sen. Joseph R. McCarthy (R-Wis.) "will prove to be an asset" to the Republican party.

Rep. Richard Simpson (R-Pa.) said yesterday. "We can elect more Republicans if we use McCarthy" throughout the country. He said on a television program he will "urge" McCarthy to campaign for GOP candidates who ask his help.

FEW SIGNS U.S., BRITISH HAVE NEW PLAN TO SAVE INDOCHINA

By JACK BELL

WASHINGTON (AP)—Lawmakers found few tangible signs today in a statement by President Eisenhower and Prime Minister Churchill of any immediate new American-British effort to save Indochina and her neighbors from the Reds.

Churchill said here on his departure for Ottawa on Tuesday that his five-day talks with Eisenhower had shown the unity of English-speaking peoples is "unbroken and unbreakable."

There was in Congress general agreement with this and approval of the Eisenhower-Churchill statement of principles issued shortly before Churchill left. But some senators professed to see more importance in the remark of British Foreign Minister Eden that the conference of leaders had laid the foundations "for the work we have yet to do."

Says British Unconvinced

Sen. George of Georgia, senior Democrat on the Senate Foreign Relations Committee, said in an interview he believed that "some good was accomplished by the conference, but the British haven't changed their minds."

George added he thinks the British remain unconvinced that united

action is possible or desirable in Southeast Asia and are resigned to French concessions to the Communist-led rebels in Viet Nam.

Churchill and Eisenhower said in a statement Monday they had agreed to "press forward" with plans for a free nation alliance in Southeast Asia. But indications were that this would be preliminary planning only, and that the British were sticking to their position that no formal steps should be taken until the outcome of French-Communist peace talks on Indochina.

The United States had taken the position that an international conference to draw up such an alliance should be called at once.

Further discussion on plans for a Southeast Asian anti-Communist alliance was expected at a meeting of the Anzus Council—an organization created by the 1951 Mutual Defense Treaty among Australia, New Zealand and the United States. The meeting was requested by Australia's minister of external affairs, Richard G. Casey, whose government is pressing for speed in bringing a Southeast Asian alliance into existence.

Secretary of State Dulles was due to attend the United States. New Zealand Ambassador Leslie Knox Munro is the New Zealand member of the council in the absence of his foreign minister.

In their statement yesterday, Eisenhower and Churchill said the two countries will continue "in intimate comradeship" to work for a just world peace. They held out "the hand of friendship" to nations which by "solemn pledge and confirming deeds" show they want peace.

COURT REJECTS PETITION ASKING PIX PERMISSION

PHILADELPHIA (AP)—The State Supreme Court has dismissed an application of the Tribune Review Publishing Company of Greensburg, Pa., to allow news photographers to take pictures in the Westmoreland County Courthouse on the grounds the case does not present a "justifiable controversy."

In a unanimous decision the high court said it could not entertain a proceeding which "seeks an abstract, academic opinion as to the constitutionality of a statute."

The court said it could act only in a case in which the application of the statute to an actual situa-

tion creates a cause of action "which then may be asserted by a litigant affected thereby. What is thus true in regard to a statute is equally true of a rule of court."

Cannot Revise Rules

The Supreme Court wrote that it should be obvious that it could not undertake to revise or edit rules adopted by courts of "inferior jurisdiction," unless and until their application gives rise to a grievance subject to appellate review and remedy.

The opinion said further: "Even apart from the fact that the rule of court complained of has been revised and amended since the petition for a writ of prohibition was filed, it is clear that the particular facts and circumstances of each case might well involve different considerations as to the validity of the rule in its applications, such circumstances, for example, as the time when and place where it is desired to

take photographs and the nature of the civil or criminal case being tried.

Through Channels

"Moreover, until the court, in the enforcement of a rule, deprives one of a constitutional or other legal right, no cause of action arises. "And, finally, any action, whether in the nature of contempt proceedings or otherwise, which is brought to test the validity of the rule complained of, should be initiated in the court of its authority, so that that court may itself consider and pass upon the merits of the complaint and this court, on appeal, may be aided by its opinion."

The high court dismissed the petition "without prejudice."

GOP DECIDES ON OWN TAX PLAN

WASHINGTON (AP)—Senate Republicans have decided to offer a general income tax cut plan of their own in an effort to head off a broader reduction amendment sponsored by Senate Democrats.

Sen. Millikin (R-Colo.) told newsmen the new proposal is to increase personal exemptions for each taxpayer in the lower and middle brackets by \$100 a year.

That would mean a minimum annual tax cut of \$20 for an individual or \$40 for a couple. The exemption boost would not apply to other dependents such as children.

The increase in the exemptions would be effective as of tomorrow, July 1.

Another part of the substitute

plan would cut in half the effect of the relief provision for dividend income received by stockholders.

Millikin gave reporters only a few details of the plan as he hurried to the Senate floor.

The proposal was worked out at a closed-door conference of all 48 GOP senators after it became clear that there was substantial fear in the party's senatorial ranks of the political effect of the Democratic proposal.

KILLED IN CRASH

SHREVEPORT, La. (AP)—A 23-year-old Pennsylvania airman, William J. Evans, was killed Tuesday when the car which he was driving struck a stray horse near Shreveport. State troopers said Robert M. Mork, 19, of Britton, S. D., a passenger in the car, was injured.

National League umpire Frank Secory was graduated from Western Michigan College in 1936.

Mayfair Section Rocked By Blast

PHILADELPHIA (AP)—An explosion of undetermined origin rocked about 50 homes in the Mayfair section of the city Wednesday sending alarmed residents pouring into the streets in their night clothes.

The northeast Philadelphia blast, loud enough to be heard at least a mile away, was in a rear driveway shared by row houses. A pungent odor described by residents as burning gunpowder, hung over the neighborhood immediately after the explosion.

At least one resident reported being blown out of bed by the concussion.

The Women's Amateur championship of the U.S.G.A. will be an all-match play competition. It will be held at the Allegheny Country Club, Sewickley, Pa., Sept. 13-18.

CIVIL WAR IN GUATEMALA SEEMS AT END

By JACK RUTLEDGE
GUATEMALA (AP)—Guatemala's 12-day civil war appeared at an end Tuesday, with communism and President Jacobo Arbenz Guzman the losers.

Rebel chief Carlos Castillo Armas and Col. Efraim Monzon, head of the current military government, were expected to meet in neighboring El Salvador today or tomorrow — as soon as Castillo Armas could get there — to work out details of an armistice and a new government.

Diplomats here in the Guatemalan capital believed the two — anti-Communists both — would join in still another new governing junta. The general feeling was that Castillo Armas could dictate his own terms.

Rounding Up Reds
Monzon's four-man junta, which took over in the capital before dawn on Tuesday, already had

launched a roundup of Communists. Arbenz and most of the top Reds escaped for the moment, taking refuge in the Mexican Embassy. Many lesser leftists and fellow travelers were among the first to denounce communism and cheer, "We have won."

(The rebel's rear headquarters said late yesterday Castillo Armas was ready to discuss truce terms but insisted on assurance that the anti-Communist drive would continue.)

The Vatican's nuncio to Guatemala, Msgr. Gennaro Verolino, agreed to be the third party at the armistice conference.

Though no formal cease-fire had been proclaimed from either side, all fighting was believed to have halted. Latest information in the capital said the rebels held the state of Zacapa and Chiquimala, as well as Puerto Barrios, the country's chief port on the Caribbean.

It was generally conceded that the army's resistance to Castillo's forces had collapsed.

U.S. Ambassador John Peurifoy, who played a major advisory role in the rapid government shifts, described the outcome as "our first victory" against communism in the Western Hemisphere.

PENNA. OFFICIAL SEEKS BONUS FOR KOREA VETS

HARRISBURG (AP)—Clyde E. Rankin, state deputy adjutant general, came out today for payment of a bonus to Pennsylvania veterans of the Korean conflict.

"Whether you call it a war or just a police action," he told a newsman, "the bullets and bombs were just as deadly—and I believe those boys should be paid a veterans' bonus."

Rankin's statement was the first open expression by a member of Gov. John S. Fine's administration in favor of the subject. He emphasized, however, he was speaking on a personal basis.

Expected Backing
Rankin, former state American Legion commander who has headed the World War II Veterans' Compensation Bureau since 1949, said statewide veterans' organizations are expected to back a Korean bonus in the 1955 Legislature. No estimate is available on the

possible cost of such a bonus. It would first have to be determined who is eligible. Rankin said he favored, not only for administrative reasons, issuance of a bonus to all persons who were in the armed forces during the conflict.

Assuming there were about 35,000 Pennsylvanians in the service at that time and using the World War II bonus payment system, Rankin estimated it would cost about 125 million dollars to finance such a bonus.

World War II Bonus
The average World War II bonus, limited to \$500, was about \$368. That program has cost more than 432 million since payments started in 1950.

Rankin said he anticipated the 1955 Legislature will fix a new deadline for receiving applications. The last deadline—Dec. 31, 1953—was fixed by the 1953 Legislature and has since expired.

The Bonus Bureau director said 20 applications have been received

CHOU RETURNS TO CHINA FROM BURMA PARLEY

HONG KONG (AP)—Premier Chou En-lai returned to Communist China Wednesday after attending the Geneva conference on Asia and meeting with top officials in India and Burma.

The Red leader's plane stopped for an hour at this British crown colony for refueling before flying on to Canton and Peking.

Concluding their Rangoon talks, Chou and Burmese Premier U Nu since then but turned back.

Several veterans of the Korean action have made inquiries about a bonus but have been told there's no fund to help them.

issued a joint communique Tuesday night pledging to "strive their utmost for promotion of peace." They expressed hope, particularly, that peace can be restored satisfactorily in Indochina.

Burma-China Pact
The communique also announced that Burmese-Chinese relations would be guided by the same principles agreed upon by Red China and India to cover their relations on Tibet and reiterated by Chou and Indian Prime Minister Nehru at the end of their weekend conference in New Delhi.

These, the communique said, are "mutual respect for each other's territorial integrity and sovereignty, nonaggression, noninterference in each other's internal affairs, equality and mutual benefit and peaceful co-existence."

FACES CHARGE OF ALTERING BALLOTS CAST

LOCK HAVEN, Pa. (AP)—Charges of "erasing marks and adding others" to ballots in the Nov. 3, 1953 election of officials in Flemington were made in court on Tuesday here in the trial of a Clinton County woman.

Mrs. Helen Chapman, Democratic minority inspector of the Flemington Borough Elections Board, pleaded innocent to charges of fraud in the local election.

John J. Sullivan, chief clerk of the Clinton County Election Board, told the court on Tuesday that Mrs. Chapman changed marks on ballots for election of four borough officials, one of them her husband.

"Mrs. Chapman had changed the marks on some of the ballots to give four Democratic candidates for offices a victory when a recount showed the four Republican candidates really had won," Sullivan testified.

The case is being tried before Judge Walter I. Anderson, York County, appointed by Clinton County Judge Abraham H. Lipez. Marshall Morgan, Philadelphia attorney, is prosecutor.

REAL ESTATE VALUES IN PA. HOLDING FIRM THRU BUILDING

HARRISBURG (P)—Real estate valuations in Pennsylvania held firmly in 1953 because of a continued high level of new construction combined with an upward trend in building costs.

The State Tax Equalization Board took the position Wednesday in disclosing that the 1953 market value of real estate in the state amounted to more than 27 billion dollars, almost 5 billions more than five years before.

"The increase in the total 1953 market value of taxable real property in Pennsylvania generally reflects a continued expansion of business and industry throughout the state," said Chairman John N. O'Neil in a statement.

The 1953 valuations were up 3.3 per cent from 1952.

"While the general economic conditions in 1953 had a direct

bearing on real estate values, the market values of the individual school districts were influenced primarily by local economic situations," the board said.

Local Prices Vary
"As a result, the market values of the individual districts both increased and decreased in varying degrees depending upon the local conditions."

The board prepares its figures for use by the Public Instruction Department in determining a basis for paying school subsidies.

The board's annual market values, up to and including the 1953 figures, will have been used by the commonwealth to distribute more than a billion dollars to local school districts.

By 1960, the board said, this figure will rise to 2½ billions according to present legislative commitments.

Philadelphia, as in other years, led all other counties in the percentage of assessed valuation of its real estate to market value. The percentage was 60½ of real estate valued at \$5,810,019,000.

The lowest percentage was turned in by Centre County whose \$91,902,900 in real estate was assessed at only 20.2 per cent of actual market values.

SCIENTIST MAY APPEAL LOYALTY VERDICT TO IKE

PRINCETON, N. J. (P)—Dr. J. Robert Oppenheimer said yesterday "I don't dismiss" the possibility of appealing to President Eisenhower the Atomic Energy Commission's decision barring him access to secret atomic data.

The atomic pioneer said he was surprised by the President's statement that he would be listened to if he decided to appeal, and added that the idea "never occurred to me."

In a telephone interview, Oppen-

heimer said his present plans are to continue research in fundamental physics although it will be "a nuisance" not having clearance to many laboratories.

There are many private institutions, Oppenheimer said, at which experiments are being conducted for the government and where he is "not welcome" any longer.

The AEC declared that Oppenheimer, once one of its most trusted advisers, is unfit to handle America's atomic secrets because of "defects of character . . . and dangerous associations." Its majority report said the question of his loyalty was not at issue.

Oppenheimer said he has no intention of resigning as director of the Institute for Advanced Study here.

DIES AFTER DUEL WITH 200 COPS; EIGHT OFFICERS ARE WOUNDED

INDIANAPOLIS (P)—A 54-year-old man on convalescent leave from a mental hospital fought a death duel with 200 policemen in his West Side home yesterday and wounded eight officers before he was killed.

When the gunfire finally was stilled the body of Howard Ellis lay behind a bookcase barricade, riddled by 26 bullets. His dirty white frame house was splintered by thousands of rounds of ammunition.

Ellis' wife Janie, first target of his rage, suffered minor wounds in the left leg and left hand.

One Officer Critical
One patrolman, Paul White, 39, was in critical condition with wounds in the chest, neck and arm.

Two others were listed in serious condition. They were Dora Ward, 27, shot in the head, and Marlin Lyon, 39, shot in the right side. Lt. Paul Pearcey, 60, was in fair condition. Four others were released after treatment for less serious wounds.

Five foster children who had been placed in the Ellis home by the Welfare Department slipped out of the house before the shooting started and were not harmed.

Beat One of Children

Central state hospital said Ellis had been on leave for a year and a half and had been checked by monthly reports. The hospital said

his June report was the most favorable since his release.

Mrs. Ellis said the trouble started when Ellis beat one of the foster children wards. She threatened to call the hospital and have him re-committed, and he chased her from the house. She called the hospital and police from a neighbor's home, then started to return home.

That was when Ellis started shooting, wounding her. She fled again, and the first police to arrive found Ellis crouching behind a utility pole outside the house. He wounded Pearcey. The officers held their fire because there were children in the yard.

Used Armored Car
Ellis retreated to the house and the siege began. His wife said she had no idea where he got his shotgun, rifle and huge supply of ammunition.

Ellis kept up a heavy fire. Finally an armored car roared up to the back door, and three heavily armed officers leaped through the door and ended the battle.

"It just had to be that way," Mrs. Ellis said softly when they told her at General Hospital that her husband was dead.

U.S. PRESSING FOR ANTI-RED PACT IN ASIA

WASHINGTON (P)—The United States pressed on today for early creation of an anti-Communist pact in Southeast Asia while hailing a victory over international communism in Guatemala.

Secretary of State Dulles, cautioning that "communism is still a menace everywhere," pledged the support of the United States yesterday to the people of Guatemala in their efforts to build a "prosperous and progressive" and non-Communist nation.

Several hours earlier, United States joined Australia and New Zealand in a declaration that there is "need for immediate action" to bring about early establishment of a collective defense in Southeast Asia.

Dulles On Radio

The three nations are signers of a mutual defense treaty. Dulles met yesterday with Australia's Foreign Minister Richard G. Casey and New Zealand's Ambassador Leslie Knox Munro. Together they form a council set up by the "Anzus" pact, which takes its name from initials of the three countries.

After he met with Casey and Munro, Dulles went on nationwide radio and television networks to make a statement on the Guatemalan situation, which the Voice of America also broadcast over the world.

Is Disease Natural?

Disease and the organisms
causing disease are
as old as life itself.
Disease is one of the
most natural things
in the world, for it
has been on earth
even longer than man.

Many of the diseases which only a few years
ago were great threats to every household
are now of little concern.

Simple immunizations administered by your
physician can prevent smallpox, lockjaw,
diphtheria, and whooping cough. We
maintain a complete line of biologicals.
